Critical Refrigeration Monitoring 24/7/365

What if your warehouse compressor or walk-in condenser unit stops running in the middle of the night?

What if your refrigerated cargo AC stops working or runs out of gas?

What if you could see the status of all of your critical refrigeration, including trucks, in one place?

With Virtjoule's unique cellular based monitoring solutions, you can start out with a single monitor and scale up to any size.
